

SEMPRAY Face Powder

Always use SEMPRAY JOVE-NAY in combination with SEMPRAY Face Powder. This face cream in cake form is most unusual complexion requisite.

SEMPRAY Face Powder will not appeal particularly to the matron or miss who chooses her face powder carefully.

But to the woman who can appreciate a certain indefinable quality touch—marvelous smoothness—and the delicacy of a most wonderful perfume—there is nothing quite so good as SEMPRAY Face Powder.

BROAD PROGRAM OF FEDERATION

Comprehensive Plan of Reconstruction Designed to Bring Greater Liberty and Happiness.

ATLANTIC CITY, N. J., June 19.—A comprehensive reconstruction program designed to "bring to all people greater hope for a better day, a brighter life, greater liberty and a larger degree of happiness" was adopted by the American Federation of Labor at today's session of its annual convention.

Radicals and conservatives united in approving a report embodying reconstruction recommendations devised by the federation's executive committee. The report tonight was termed by labor leaders a "new declaration of independence for the workers of America."

"Developments in our social, industrial and political relations, by reason of the necessities of war have been as varied in nature as they have been grave in character," said the report. "One of the most pronounced and far-reaching results in the realization of workers' rights, duties and responsibilities in the structure of society, industry and government."

Conscious of Power.
"Conscious, as never before, of its power, labor no longer will rest content under a system which treats workers as a commodity or article of commerce. Workers have reached the status and have come to that determination which demands treatment of equality with all other men and women in modern society. They now insist on full value and full compensation for services rendered on a basis that will enable all to enjoy the higher things in life, rather than merely exist near the line beyond which we find human misery, which spells human bankruptcy."

Remedies Against Unemployment.
"The reconstruction program in brief remedies against unemployment; demands adequate wages, declares labor's right to fix its own working hours; demands protection of women and children in industry; favors co-operative institutions of farmers and such producing agencies; favors curbing the power of the courts to make and unmake laws; favors full participation of labor in politics, but disapproval of partisan politics; favors extension of waterways and public ownership; demands a minimum of labor law; favors farm ownership with public aid; would curb corporate powers; insists upon a full return of freedom of speech and press; would prohibit immigration for two years and restrict thereafter; would tax in proportion to the income of persons or property; favors state colleges for working men's children and demands a verdict for labor in conducting industrial education; urges government aid in building homes; opposes large standing armies; favors help for soldiers and, as an urgent and immediate remedial measure, urges the payment of salaries to returning soldiers and sailors for a limited period after discharge."

The committee recommends the approval of the program, not because it believes it all comprehensive but fundamental, not because of its idealism but because of its practicability, not because of its novelty but because it is founded on experience and justice. The program is highly constructive in character and excellently designed to benefit not only a part of society, but to bring to all the people greater hope for a better day, a brighter life, greater liberty and a larger measure of prosperity and happiness."

The convention also adopted a report on the judicial construction of law. This report, which assailed courts and judges, declared organized labor in the future would treat all injunctive decrees that "invade personal liberties" as being in violation of constitutional safeguards, and would accept "whatever consequences" might follow.

"Despite all precautions to safeguard individual liberty and freedom of action," said the report, "and the fact that the early constitutional convention denied the right to our courts to pass on the constitutionality of laws enacted by congress, our courts and judges have been slowly and surely disregarding these restrictions and limitations and now freely and untrammelled exercise powers which even the monarchs and kaisers dared not exercise with all their claims to power by inherent divinity."

"The power of our courts to declare legislation enacted unconstitutional and void is the most flagrant usurpation of power and authority and is a repudiation and denial of the principle of self-government recognized now as a world doctrine. The continued exercise of this unwarranted powers is a blasphemy on the rights and claims of free men of America."

This usurpation of power by our courts to subordinate the legislative and executive departments to their will and compel the activities of a free people to their whim and dictates is paralleled and equalled only by the further usurpation of authority of our courts to legislate and punish people in direct defiance of constitutional safeguards to personal liberty and freedom of action."

"By the issuance of injunctive decrees by our courts, by the restraint they place upon the normal and rightful activities of a free people, by the punishing of free men in the exercise of their constitutional rights without opportunity to a trial by jury, the individual against extreme and excessive punishments and the denial of an opportunity of executive clemency, our courts have vested themselves with a power greater than any despot ever heretofore possessed."

"The fate of the sovereignty of American people again hangs in the balance. It is inconceivable that such an autocratic despotical and tyrannical power can long remain in a democracy. One or the other must ultimately give way, and we believe that this convention should declare that as wage earners and citizens of a free and democratic country, we shall stand firmly and conscientiously on our rights as free and treat all injunctive decrees that invade our personal liberties as unwarranted in fact, unjustified in law and illegal as being in violation of our constitutional safeguards and accept whatever consequences may follow."

"Immediate steps should be taken

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Pain Bitter-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who feel their excessive thinness.

GEORGIA HAMILTON.

more phosphate than is contained in modern foods. This is because there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is an expensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance, the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of appetite, which are often due to excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-phosphate has brought about a most transformation with me. I gained 15 pounds and never before felt so well."

CAUTION. Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not be used by anyone who does not desire to put on flesh—Advertisement.

by the executive council and by all state organizations for the early enactment of adequate laws to deny the further usurpation of these unwarranted powers by our courts and that congress should be petitioned to impeach all judges who exercise governmental functions and authority not expressly delegated to them. The public mind and conscience should be fully aroused to the dangers confronting the liberties of our people."

The convention also adopted a report providing that all labor organizations in the United States should closely co-operate with trade unionists in Canada in establishing stable conditions and should give Canadian members of international organizations advice and counsel and call "attention to the sinister influences which are working in Canada to split up organized labor."

Without even a debate the convention went on record against the formation of a political labor party.

Housewife Becomes New Woman

"All of our best doctors had given me up. I was unable to leave my bed for 16 weeks and was yellow as a pumpkin, besides the terrible stomach pains I suffered. Our druggist advised my husband to try May's Wonderful Remedy and it has saved my life. I am a new woman now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including indigestion. One dose will convince or money refunded. A. R. McIntyre Drug Co., and druggists everywhere. —Advertisement.

PRIVATE NACE ACQUITTED BY COURT MARTIAL

AYER, Mass., June 20.—Private Paul Lester Nace, whose answer to a charge of desertion was that he had been kidnapped and held prisoner on board a German submarine, was given his full freedom today after the finding of the court martial acquitting him was approved by Major General H. P. McCain, commander of Camp Devens.

He disappeared from Camp Devens in May, 1918, and on October 16 reported to the military authorities at Fort Story, Va. In the interim, he said, he was held by the Germans who sought to obtain airplane secrets from him. He was finally freed about two miles off Cape Henry, Va., and swam ashore from the submarine, according to his testimony.

ALHAMBRA NEXT SUNDAY, 4 DAYS

"The Woman Thou Gavest Me."

Think what marriage means to a woman—a young girl especially. It means the beginning of a new life, the setting out into an unknown world on a voyage from which there can be no return.

Do you know that the man to whom you are going to marry your daughter is a profligate and a reprobate? If you do know this, you are deliberately selling her, body and soul, to gratify your rotten aspirations.

Thus in my youth, my helplessness, my ignorance and my inexperience, I became engaged to the man who had been found and courted for me. Love had not spoken to me, sex was still asleep in me, and my marriage was arranged before my deeper nature knew what was being done.

A married widow! The worst condition in the world for a woman, especially if she is young and attractive, and subject to temptations.

Something held me to the spot on which I stood. I caught the sound of rustling skirts and found myself listening to voices in my husband's bedroom. There were two voices, one a man's, loud and reckless, the other a woman's, soft and cautious. No need to tell myself whose voices they were!

When a woman has been forced into a loveless marriage, and it is crushing the very soul out of her, and the iron law will not permit her to escape from it, what crime does she commit if she flees to a man to whom she is married in her heart?

Once in a hundred years there comes a great passion—Dante and Beatrice, Petrarch and Laura. The woman meets the right man too late. What a tragedy! Unless she is prepared to renounce the law, reject society, and live her own life with the man of her heart. Alhambra Sunday.
